That's all I can ask!

Have a great weekend!

Douglas,

I'll forward the request to Colleen to see if she is comfortable moving it up the chain to Rebecca. My guess is she'll be agreeable, since she knows how hindered we are on our enforcement side alone w/o a fully populated/functioning database to do compliance assessments expeditiously. I'll keep you posted.

Thanks!

Tiffany

Subject: Question about EPM funding

Hi Tiffany: our Section is trying to promptly get more EPM funds into a national Cadmus contract so that the work on the Dewey Burdock permits can continue without interruption. The timing of this funding is critical for enabling us to stay on track to meet our August deadline for permit issuance.

We fully expect more EPM support from OGWDW for this purpose (as was the case last year), but the promised funds will likely not be available until well into May.

Would there be any chance of ECAD offering available EPM funds to us now with a solid commitment of WD paying these funds back within the next month or so?

Thanks for considering our request (however a long shot this may be...),
